# LITHOS

design Paolo Pampanoni

**Per riscoprire la purezza della materia, per posare l'accento sulla bellezza delle superfici, per accorgersi che non c'è bisogno del superfluo.**

*To rediscover the purity of material, to place the accent on the beauty of the surfaces, to understand that there is no need for superfluous things.*

La struttura è espressione della costruzione.  
*The frame is the expression of building.*

É la realtà delle cose che detta la verità contingente.  
*The reality of objects suggests the truth of reality.*

Ecco che anche la comodità non diventa mai banale perché per noi è un valore, quindi necessaria.  
*A comfortable place will never be a common place for us, because comfort itself is a value, therefore it is absolutely necessary.*

Partiamo dall'ordine: ciascuna cosa ha una collocazione precisa e merita un posto suo, secondo la sua natura. Ciascuno di noi è parte di quest'ordine, ecco perché riusciamo a pensare solo a idee dalle implicazioni armoniose.

*Order comes first: each single thing has a specific role and deserves a proper place according to its nature. Each of us is a part of this order, this is the reason why we can only conceive ideas that have harmonious consequences.*

La tecnologia è radicata nel passato, domina il presente e si protende sul futuro.  
*Technology is based upon the past, rules the present and gazes to the future.*
